

ENVIRONMENTAL STEWARDSHIP AWARD

PRESENTED BY KEEN

OVERVIEW

KEEN has had the pleasure of implementing energy efficiency and renewable energy solutions throughout Oryana's two locations.

SOLUTIONS

Oryana West:

Solar Panel Installation – 83k Wh Solar PV

Oryana East & West:

New LED lighting throughout

YEARLY KILOWATT HOURS AVOIDED:

228,783 Combined energy for both systems

SAVINGS EQUIVALENT TO:

20+ homes energy usage

147 acres of trees preserved

“ We chose to work with KEEN for our solar project because of our long-standing relationship. This was a natural extension of our existing relationship and they always manage to understand exactly what we're looking for. ”

Sarah Christensen,
CEO Oryana Community CO-OP

Solar Panel Installation
Oryana West
